ADDENDUM # 1

To: Plan Holders 
From: Jeffrey Alspaugh
Division Proposal Engineer

RE: **Question & Answer, Pre-bid Meeting Minutes**
Contract ID: DN00552
County: Transylvania; Henderson
Letting Date: June 13, 2017

The above contract has experienced the following revisions:

Question 1: Is certified payroll required for all work (Both projects) or just for the Federal project?

Answer 1: Certified payroll is required for all work.

Question 2: Participation: Self performance % required that the contractor must meet.

Answer 2: Participation requirement is 40%, not 30% as was stated in the pre-bid meeting. This can be verified on page **G-78**, not G-77, under **Item 1 of VI. SUBLETTING OR ASSIGNING THE CONTRACT**, in the first sentence, it stipulates “...**(or a greater percentage if specified elsewhere in the contract).**” The third paragraph on page **G-1** makes the *North Carolina Department of Transportation, Raleigh, Standard Specifications for Roads and Structures, January 2012* a part of the contract. In the last sentence of the first paragraph of **Section 108-6 SUBLETTING OF CONTRACT** states: “...**the Contractor will be permitted to sublet a portion thereof, but shall perform with his own organization, work amounting to not less than 40% of the total original contract amount...**”

Question 3: Clearing and Grubbing: Will Burning be allowed?.....either county (Transylvania or Henderson).

Answer 3: Per the District Engineer, no burning will be allowed.

Website: www.ncdot.gov

Question 4: Concrete Washout Structure: Would a “kiddie pool” be acceptable to use?.....(contractor to haul away after use).

Answer 4: No.

Question 5: Can they return to concrete plant for washout?

Answer 5: Yes

Question 6: Does a pay item need to be added for washout structure?

Answer 6: No; **line item # 0016** of page **T-1** is where the pay item for the concrete washout structure can be found.

Question 7: Select Material: The use of Class II type II material for Back Fill is not stated in the contract.

Answer 7: This is called out on Plan Sheets, and is considered incidental to other pay items in the contract.

Question 8: Retaining Wall (Site 4 on US276): Will the existing retaining wall be removed or remain as is?

Answer 8: The existing wall will remain as is.

Question 9: Total number of Sites: How many total sites for each project?

Answer 9: US 276 has 37 sites and Crab Creek has 47 sites.

Question 10: Mobilization: How is mobilization paid for?.....what percentages and when?

Answer 10: Measurement and Payment of Mobilization will be per the *North Carolina Department of Transportation, Raleigh, Standard Specifications for Roads and Structures, January 2012.*

Question 11: Should there be pay items included for 6” under drain, stone, and fabric?

Answer 11: No.

Question 12: Tree Removal Site 21B on US276: Who is responsible for cutting trees?

Answer 12: The Contractor.

Question 13: Tree Removal Site 21B on US276: At what height are the trees to be cut?

Answer 13: Flush with the ground surface, at the tree's location.

Question 14: Tree Removal Site 21B on US276: Do the stumps remain? (recovery zone)

Answer 14: Stumps should be removed from the clear recover zone. Outside the clear recovery zone, the stumps may remain, but must be treated according to **Section 1651 Selective Vegetation Removal.**

Question 15: Tree Removal Site 21B on US276: Do the trees get cut to ground level and backfilled over?

Answer 15: See Answer 14 above.

Please see the attached pre-bid meeting minutes, and pre-bid sign-in sheet.

These revisions do not change bid items or the associated quantities.

Please access ebs addenda files on Bid Express®.

Please insert this letter into the addendum section of the proposal and sign the verification. Thank you for your attention to this matter.
